INDEX OF SUBJECTS

Abelmoschus esculantus L. (bhindi) under Indian conditions, persistence of *gamma* BHC (Lindane) and malathion residues on fruits of (Kavadia, Gupta and Jain), 131

Aflatoxin in haricot bean and other pulses (Habish), 135

Agricultural yearbook: new vistas in crop yields, reviewed by H. H. Rogers, 85

Arachis hypogaea L. in West Malaysia, studies of groundnut mosaic virus of (Poh, Lan and Chuan), 355

A textbook of soil chemical analysis, by P. R. Hesse, reviewed by J. A. Varley, 184

Bhindi (*Abelmoschus esculantus* L.) under Indian conditions, persistence of *gamma* BHC (Lindane) and malathion residues on fruits of (Kavadia, Gupta and Jain), 131

Cacao, effects of pod maturity on bean development, viability, mucilage content and seedling vigour in (Adenikinju), 123

Castor, sesame & safflower, by E. A. Weiss, reviewed by J. W. Purseglove, 282

Cereals and legumes, by Brian F. Bland, reviewed by Donald S. H. Drennan, 182

Cocoa in Ghana, effect of Gamma BHC against capsids on (Ali), 73

Coffee berry disease, overhead application of fungicide for the control of (Pereira and Mapother), 117

Colocasia esculenta (taro), effects of nitrogen fertilization on the growth, composition and yield of upland and lowland (De la Pena, Ramon and Plucknett), 187

Common weeds of the West Indies, by C. D. Adams, L. Kasasian and J. Seeyave, reviewed by C. Parker, 183

Cotton in Malawi, seed rate, time of thinning and weeding of (Matthews and Beeden), 49

Cotton in Malawi, effects of nitrogen, sulphur, phosphorus and boron on (Matthews), 219

Cotton stands in Malawi, yield and plant development of reduced (Matthews, Rowell and Beeden), 33

Cross pollination, effect of direction and distance on, in Egyptian cotton (*Gossypium barbadense* L.) (Galal, Abou-el-Fittouh and Morshed), 67

Cucumber and okra in the Sudan, chemical control of powdery mildews of (Omer), 265

Cynodon dactylon (L.) Pers., *Sorghum halepense* (L.) Pers. and *Cyperus rotundus* L., three perennial weeds, effects of frequent clipping on (Horowitz), 225

Cyperus rotundus L., *see Cynodon dactylon* (L.) Pers.

Dioscorea rotundata (white yam), studies on. I. Growth analysis. II. Changes in nutrient content with age. III. Foliar analysis for nitrogen nutrition (Sobulo), 99, 107, 271

Drip method of irrigation, studies of the (Abrol and Dixit), 171

Drought injury and resistance in crops, ed. by K. L. Larson and J. D. Eastin, reviewed by R. B. Austin, 181

East African crops, by J. D. Acland, reviewed by G. E. Tidbury, 371

Egyptian cotton (*Gossypium barbadense* L.), effect of direction and distance on cross pollination in (Galal, Abou-el-Fittouh and Morshed), 67

Elaeis guineensis (oil palm) in Malaysia, white stripe disorder of (Rajaratnam), 161

Elaeis guineensis (oil palms), observations on boron-deficient (Rajaratnam), 339

Farming systems in the Tropics, by Hans Ruthenberg, reviewed by C. C. Webster, 369

Gamma BHC, effect of, against capsids on cocoa in Ghana (Ali), 73

Gamma BHC (Lindane) and malathion residues, persistence of, on fruits of bhindi (*Abelmoschus esculantus* L.) under Indian conditions (Kavadia, Gupta and Jain), 131

Genetic resources in plants: their exploration and conservation, ed. by O. H. Frankel and E. Bennett, reviewed by N. W. Simmonds, 87

Gossypium barbadense L. (Egyptian cotton), effect of direction and distance on cross pollination in (Galal, Abou-el-Fittouh and Morshed), 67

Grain sorghum in the Central Rainlands of the Sudan, effects of N, P and K on yield of (Ali and Salih), 151

Groundnut mosaic virus of *Arachis hypogaea* L. in West Malaysia, studies on (Poh, Lan and Chuan), 355

Hammond's Farm Animals (4th edition), by J. Hammond, Jr., I. L. Mason and T. J. Robinson, reviewed by E. C. Amoroso, 179
Haricot bean and other pulses, aflatoxin in (Habish), 135
Heterosis for grain yield and its components in spring wheat crosses (Chowdhry, Mohammad and Qazi), 235
Hevea brasiliensis Muell. ARG. (rubber) leaves, estimation of the area of, using two leaflet parameters (Lim and Narayanan), 311

Irish agriculture in a changing world, ed. by I. F. Baillie and S. J. Sheehy, reviewed by J. B. Dent, 185
Iron chlorosis in peanuts on a calcareous Jordan Valley soil (Lachover and Ebercon), 241
Irrigated wheat in Iran, effects of soil and management factors on fertilizer responses and yield of (Abraham and Hoobakht), 195
IR8 rice, effects of night temperature on growth and development of (Owen), 213

Maize breeding programme, genotype-environment interactions and their application in a (Abington), 283
Maize, effect of varying plant density on a tillering variety of (Downey), 25
Maize grown for silage in Nigeria, effects of plant population and fertilizer nitrogen on growth and components of yield of (Haggar and Couper), 251
Malathion and *gamma* BHC (Lindane) residues, persistence of, on fruits of bhindi (*Abelmoschus esculantus* L.) under Indian conditions (Kavadia, Gupta and Jain), 131
Manihot utilissima (tapioca), growth and productivity of. III. Crop ratio, spacing and yield (Williams), 15

Nitrogen fertilization, effects of, on the growth, composition and yield of upland and lowland taro (*Colocasia esculenta*) (De la Pena, Ramon and Plucknett), 187

Oil palm, effects of nitrogen, phosphorus, potassium and magnesium on growth of the (Corley and Mok), 347
Oil palm (*Elaeis guineensis*) in Malaysia, white stripe disorder of (Rajaratnam), 161
Oil palms (*Elaeis guineensis*), observations on boron-deficient (Rajaratnam), 339
Okra and cucumber in the Sudan, chemical control of powdery mildews of (Omer), 265
Peanuts on a calcareous Jordan Valley soil, iron chlorosis in (Lachover and Ebercon), 241
Pest control in bananas, pans manual no. 1, ed. by Susan D. Feakin, reviewed by Harold Owen, 89
Potential crop production, by P. F. Wareing and J. P. Cooper, reviewed by C. P. Whittingham, 177
Powdery mildews of cucumber and okra in the Sudan, chemical control of (Omer), 265
Proceedings of the fifth meeting of the maize and sorghum section of Eucarpia, 372
Proceedings of the XI International Grassland Conference, ed. by M. J. T. Norman, reviewed by C. R. W. Spedding, 88

Red ferrallitic soils in Uganda, principles for using fertilizers to improve (Jones), 315
Rice experimental plots, border effects in. II. Varietal competition (Gomez), 295
Rice varieties in the tropics, performance of improved, with special reference to tillering capacity (Yoshida and Parao), 203
Rubber (*Hevea brasiliensis* Muell. ARG.) leaves, estimation of the area of, using two leaflet parameters (Lim and Narayanan), 311

Sesame seed, oil, protein and dry matter development in (Khidir and Khattab), 61
Sesame under Sudan conditions, natural cross-fertilization in (Khidir), 55
Soil nitrogen at a savanna site in Nigeria, mineralization of (Wild), 91
Sorghum halepense (L.) Pers., *see Cynodon dactylon* (L.) Pers.
Sorghum in Nigeria, intercropping with (Andrews), 139
Soyabeans, effects of weed competition, defoliation and time of harvest on (Hammerton), 333
Swamp rice in Sierra Leone, effects of nitrogen application on nitrogen content of grains of (Das Gupta), 155

Taichung (Native) No. 1 rice, effects of cool periods (15° C) at night on (Owen), 289
Tapioca (*Manihot utilissima*), growth and productivity of. III. Crop ratio, spacing and yield (Williams), 15
Taro (*Colocasia esculenta*), effects of nitrogen fertilization on the growth, composition and yield of upland and lowland (De la Pena, Ramon and Plucknett), 187
Tea plant, the climatic requirements of the, a review (Carr), 1
Termites and soils, by K. E. Lee and T. G. Wood, reviewed by W. A. Sands, 281

Upland rice, effects of artificial defoliation (simulating pest damage) on varieties of (Taylor), 79

Weed control in the Tropics, by L. Kasasian, reviewed by K. Wilson Jones, 370

White stripe disorder of oil palm (*Elaeis guineensis*) in Malaysia (Rajaratnam), 161

White yam (*Dioscorea rotundata*), studies on. I. Growth analysis. II. Changes in nutrient content with age. III. Foliar analysis for nitrogen nutrition (Sobulo), 99, 107, 271

INDEX OF AUTHORS

ABINGTON, J. B. Genotype-environment interactions and their application in a maize breeding programme, 283

ABOU-EL-FITTOUH, H. A., *see* GALAL, HASSAN E.

ABRAHAM, T. P. and HOOBAKHT, A. Effects of soil and management factors on fertilizer responses and yield of irrigated wheat in Iran, 195

ABROL, I. P. and DIXIT, S. P. Studies of the drip method of irrigation, 171

ADENIKINJU, S. A. Effects of pod maturity on bean development, viability, mucilage content and seedling vigour in cacao, 123

ALI, FAISAL M. Effect of Gamma BHC against capsids on cocoa in Ghana, 73

ALI, FAISAL M. and SALIH, FAROUK A. Effects of N, P and K on yield of grain sorghum in the Central Rainlands of the Sudan, 151

AMOROSO, E. C. Review of *Hammond's Farm Animals* (4th edition), by J. Hammond, Jr., I. L. Mason and T. J. Robinson, 179

ANDREWS, D. J. Intercropping with sorghum in Nigeria, 139

AUSTIN, R. B. Review of *Drought injury and resistance in crops*, ed. by K. L. Larson and J. D. Eastin, 181

BEEDEN, P., *see* MATTHEWS, G. A.

CARR, M. K. V. The climatic requirements of the tea plant: a review, 1
